

*Our Combined Offerings Mean You Never  
Have To Place Your Shipping On Hold*

#### **Express-1 Expedited Solutions (XPO) Acquires LRG International Inc. to Expand International Services to a Global Logistics Market.**

**Express-1 Expedited Solutions (XPO)** a Saint Joseph, Michigan based leader in transportation logistics, is pleased to announce that it has completed the acquisition of **LRG International Inc.**, through its **Concert Group Logistics (CGL)** freight forwarding unit.

Commenting on the acquisition, the XPO's CEO, Mike Welch, said, "We are very excited about the acquisition of a company with the reputation of LRG. This acquisition is evidence that we are committed to advancing the size and capabilities of our CGL network. LRG is a non-asset based International freight Forwarder which we think offers XPO strong growth potential."

"This is an important acquisition for us. Adding LRG and its highly experienced team to CGL brings new strength to our customers who ship internationally," said Gerry Post, president of CGL. "It enhances our service offering, expands our foreign network and strengthens our ocean and air capabilities enabling us to move upon the global frontier with strong resources and capabilities."

"Becoming part of a recognized industry leader like XPO is a special opportunity for LRG, its customers and business partners worldwide," said Henrik Jorgensen, president of LRG. "Our knowledge and experience in handling and shipping both imports and exports will be a strong asset to XPO's global logistics and transportation portfolio. We are extremely excited to partner with such a dynamic organization that places a high priority on employee and customer satisfaction."

With LRG's international freight expertise, CGL's leading-edge technological capabilities, and their mutual focus on customer satisfaction, both organizations expect immediate results. They now have the tools necessary to grow quickly both domestically and internationally and the ability to better manage all of their processes -- especially international shipping -- from origin through destination.
